

Consent of Program Participants Policy

From time to time, the Three Rivers Public Library District issues newsletters, updates its website and social media pages, and produces public affairs materials dealing with library services and programs. Photographs, video recordings, and audio recordings of library program participants produced for these purposes help the library illustrate the scope and benefits of library use.

By participating in library programs, a participant consents to use by the library of the participant's image in print and/or electronic photographs, video recordings, and audio recordings in library newsletters, the website, and/or library public affair materials. The library will not name persons in photographs without their or their parent's consent.
